Relax. It's Done.SM

While you're taking care
of your family's health....

...we can take care
of your home

Now, Merry Maids can not only offer you unrivalled home cleaning but also unique anti-bacterial protection for when you need it the most.

Are you....

...a patient? Is your immune system low following a course of treatment? Do you have a baby or young children? Has a member of your family or a friend just come out of hospital? Or perhaps you have an elderly relative....whatever your requirement - **merry maids** can offer an affordable solution.

How can Merry Maids help you?

For 30 years **merry maids** has been proud to be part of the world's largest specialist cleaning company – a company that cleans over 300,000 homes worldwide. Now, we have the added benefit of being able to clean and protect your home against bacteria such as MRSA, C-Difficile and E-Coli with our unique cleaning products.

Merry Maids can protect you in THREE ways:

- 1 Unlike others, our special cleaning products uniquely provide up to 72 hours continuous protection against bacteria such as MRSA, C-Diff, Salmonella, E-Coli and even the new superbug MSSA.
- 2 **merry maids** use microfibre cleaning methods which improves cleaning by removing more dust than traditional cloths and results in a healthier home.
- 3 **merry maids** use a proven cleaning system allowing us to customise our cleaning services to suit your home. We can highlight certain rooms for special attention on each visit so you need never take on your own spring clean ever again!

How does it work?

Our specialist cleaning products incorporate “Hygienilac” – a unique antimicrobial agent that prevents bacteria's access to nutrients so that they starve and die. Independently tested and approved by the NHS, our cleaning products are 99.9% effective against a long list of bacteria (for full details, please visit our website www.merrymaids.co.uk).

Now what?

Cleaning and protecting your home couldn't be easier, simply call **0800 021 3072** for details of your local Merry Maids and let us start looking after your home.
